

LOKHEN

born to innovate

BORN TO INNOVATE

An evolving company, able to produce innovative plastic solutions for trucks and trailers.

Worldwide leader in the production of TÜV certified wheel chocks, LOKHEN OFFERS THE LARGEST RANGE OF WHEEL CHOCKS AND CHOCK HOLDERS ON THE MARKET.

The 100% Made in Lokhen wheel chocks are designed, engineered and produced in our factories in Italy.

We offer the solution to every need. Wheel chocks H53, 53, 46 and 36, suitable for different types of vehicles: truck, trailer, agricultural vehicle and commercial vehicle.

For each wheel chock, we offer different fixing solutions: plastic or steel chock holders, single or double.
